OUTDOOR THERAPY

La natura, casa nostra.

Stare all'aria aperta ci riporta a un ideale di vita autentico,
ed è il valore che meglio rappresenta la nostra azienda,
fatta di storia, passione e specializzazione.
È l'ambizione a cui tendiamo per stabilire un nuovo
orizzonte della quotidianità.
Le nostre collezioni sono l'esito di un processo
che nasce da un semplice presupposto:
il benessere dell'uomo è al centro di tutto.

Nature, Our Home

Staying in the open air gives us a real feeling
of what life should be.
It's one of the values that best represents Varaschin,
values made of History, Passion and Specialization
It is our primary ambition.
Our collections are the result of a process that has one
simple assumption: well-being must be
at the center of all things.

bonding time coziness

Saper godere dei momenti di libertà,
dilatare il tempo affinchè gli attimi si cristallizzino in
fotogrammi di intimità.
Amo vivere all'aperto, seguire il ritmo lento delle
giornate liberando la mente dai pensieri
e lasciarmi trasportare dalla natura.

Knowing how to enjoy moments of freedom, dilating time so that moments crystallize in frames of intimacy. I love living outdoors, following the slow rhythm of the days, freeing my mind from thoughts, and letting myself be carried away by nature.

OVERVIEW

OUTDOOR THERAPY IS
chill out

Un attimo speciale, la brezza si è spenta,
la calma del lago diventa una cassa di risonanza pura,
in cui i dettagli prendono vita,
e le nostre azioni quotidiane diventano storia.

A special moment, the breeze dies down,
the calm of the lake becomes a pure sounding board,
where details come to life,
and our daily actions become history.

OUTDOOR THERAPY IS

cozy meeting

Ci sono due cose che desidero trasmettere
ai miei figli: le radici e le ali.
La libertà di pensiero è come vivere all'aperto,
non ci sono confini nei paesaggi
come non c'è limite al desiderio di realizzazione.

There are two things that I want to pass
on to my children: roots and wings.
But freedom of thought is like living outdoors,
there are no boundaries in the landscapes
as there is no limit to desire of realization.

togetherness

Una delle cose più belle della giornata
è il modo in cui interrompiamo
tutto ciò che stiamo facendo
per stare insieme.
Il pranzo è un intreccio di sorrisi, gesti,
ed anche qualche ricordo.

One of the most beautiful things
of the day is the way in which we stop
what we're doing to be together.
Lunch is a mix of smiles, gestures,

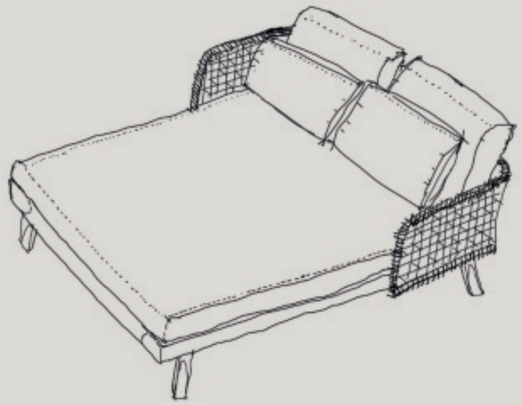
TALKS ABOUT EMMA



Amo definire il mio design come una sorta di processo molecolare.
Per la collezione Emma ho creato le mie molecole per il progetto: segno e manifattura dell'intreccio, dettagli raffinati, definizione attenta delle proporzioni, un pizzico di heritage per un progetto/collezione assolutamente lasting.
Muovendomi nel DNA di Emma ho creato i nuovi oggetti per il relax, una raffinata dormeuse e un accogliente daybed.
La collezione Emma, fedele al suo DNA, cresce di anno in anno sempre più protagonista dell'outdoor therapy di Varaschin.

I love to define my design as a sort of molecular process.
For the Emma collection, I created the project molecules:
weaving design and manufacturing, refined details, careful definition of proportions, a bit of heritage for a lasting project/collection.
Moving into Emma's DNA, I created new objects for relaxation, a refined dormeuse and a cozy daybed.
The Emma collection, true to its DNA, grows more and more protagonist every year of Varaschin Outdoor Therapy.

TALKS ABOUT EMMA CROSS

Per completare il mondo EMMA con il colore è nata EMMA CROSS.
Ispirandomi alle corolle dei fiori ho creato una forma che accoglie.
Le strutture sono fasciate con una corda nei due toni degli intrecci di EMMA e poi arricchite con un intreccio deciso ma allo stesso tempo organico. Questo intreccio è realizzato in cinque colori, due tono su tono, un rosso che ricorda le terre, un verde ispirato alle foreste e un azzurro cielo polveroso.
EMMA una collezione sempre più completa per ogni situazione outdoor.

To complete the EMMA world with colour EMMA CROSS was conceived .
Inspired by the corollas of flowers I created a shape that really welcomes them.
A woven structure with EMMA cords in the two standard tones, enriched with a second stronger but still organic weave.
5 different colours, 2 tone on tone , a red that reminds me of a clay soil, green of the forest and a light dusty sky blue.
Emma: a collection that is perfect for any outdoor scenario.

OUTDOOR THERAPY IS

play time

L'aria aperta suggerisce una creatività
che mantiene attiva la mente
ed è il sano fenomeno sociale
che non finge nulla.
Forse la vita è l'unico gioco
in cui il gioco stesso
è impararne le regole.

Open air suggests creativity
which keeps the mind active
and it is the healthy social phenomenon
that does not pretend anything.
Maybe life is the only game
where the game itself is learning the rules.

L'ispirazione nasce da un libro per bambini di Bruno Munari "Disegnare un albero", dove partendo da una schematizzazione grafica della crescita vegetale, Munari insegna a disegnare vari tipi di alberi: una semplice linea che rappresenta il tronco si moltiplica in maniera regolare e proporzionale fino a formare la chioma. Abbiamo pensato di portare questo schema di crescita su un foglio bianco e poi di curvare il foglio stesso attorno ai cuscini. Il risultato è un binomio di eleganza essenziale ed estrema semplicità associato a colorazioni bianco e nero che ne sottolineano l'estetica fortemente grafica.

calvi brambilla

TALKS ABOUT TIBIDABO

The inspiration comes from a children's book by Bruno Munari, "Draw a tree". In the book Munari teaches how to draw various types of trees starting from a plant growth graphic schematization.
A simple line represents the trunk and multiplies on a regular and proportional basis until it forms the foliage.
We had the intuition to bring this growth pattern onto a white sheet and then bend the sheet around the pillows.
The result is a combination of essential elegance and extreme simplicity associated with black and white colorings which emphasize the strong graphic aesthetics.

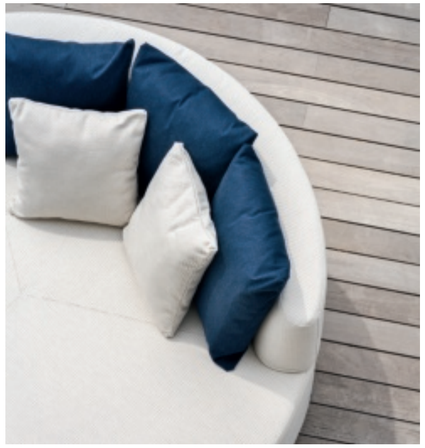
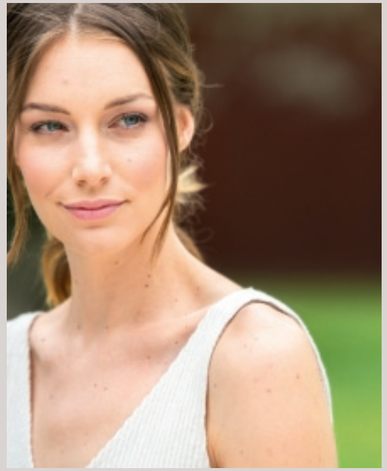
OUTDOOR THERAPY IS

weaving stories

Le nostre storie si intrecciano,
e si arricchiscono di nuove esperienze.
Insieme condividiamo un altro obiettivo,
la convivialità di un divano ci permette di
essere più autentici e veri,
è come se l' outdoor fosse un catalizzatore
di emozioni in cui la condivisione
dei pensieri diventano attimi magici ed
unici per storie sempre diverse.

Our stories are entwined and enriched with new experiences.
The conviviality of a sofa allows us to be more authentic and real.
The outdoors becomes a catalyst of emotions where thoughts become magical moments, unique and different tales.





OUTDOOR THERAPY IS

yoga breath

Non ho bisogno di altro. Lo yoga è linfa vitale, apre la porta della mia mente, e la mia intimità trova il suo respiro. Il silenzio, la natura, i colori, i suoni sono tutti elementi originali e autentici e rappresentano tutto ciò che serve per ritrovare me stessa. Approfittare dell'aria aperta è una opportunità che va sfruttata per ritrovare il contatto con ciò che davvero conta. Se stessi.

I don't need anything else. Yoga is the lifeblood, it opens the door of my mind, and my intimacy finds its breath. Silence, nature, colors, sounds are all original and authentic elements and represent all that is needed to find myself.
Taking advantage of the outdoors is an opportunity that must be used to find contact with what really matters. Yourself.

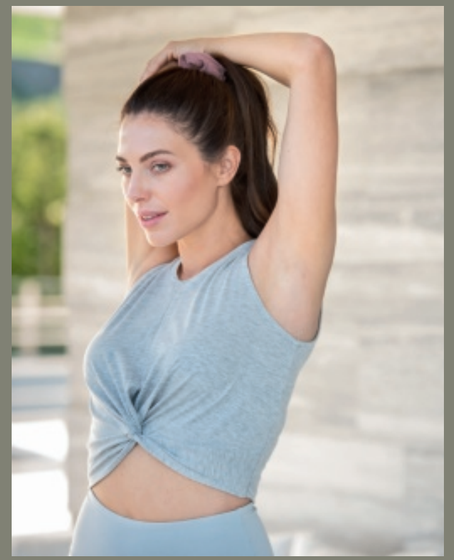
OUTDOOR THERAPY IS

sharing passion



La libertà è una virtù,
la condivisione una scelta.
Ci piace vivere insieme le nostre passioni.
La corsa, il rumore dei passi sul terreno,
il respiro che trova il suo ritmo. il corpo si
sincronizza con l'esterno.
Per noi l' attività all'aria aperta è una valvola
di sfogo, ed una ricarica di energia
per corpo e spirito.

Freedom is a virtue, sharing a choice.
We like to live our passions together.
The race, the sound of footsteps on the
ground, the breath that finds its rhythm.
The body synchronizes with the outside.
For us, outdoor activities are a relief valve,
and a recharge of energy for body and
spirit.

TALKS ABOUT CRICKET

La mia idea con la collezione Cricket era quella di creare una reinterpretazione moderna della classica sedia da giardino: invitante e amichevole con un fascino senza tempo.
Una collezione di sedute che si combina a diversi scenari, indooor e outdoor.
Il nome Cricket rievoca sia il gioco che con mazza e palla si pratica all'aria aperta, sia l'insetto dal corpo pieno e le gambe snelle, che risuona con il suo canto nelle caldi notti d'estate.

My intention with the Cricket collection was to make a contemporary reinterpretation of the classic garden chair. Inviting and friendly with a timeless charm.
A collection of seating that fits into many settings, indoors and outdoors.
The name Cricket associates both with the outdoor bat and ball game played on a green field. Or with the appearance of the insect Cricket, with its full body and slender legs, but also with their chirping song on a hot summer night.

TALKS ABOUT BABYLON

Quando ci siamo posti di fronte a questo progetto in realtà avevamo una chiara idea, non tanto formale, quanto della sua funzione. Christopher ed io amiamo passare le notti estive ad osservare le stelle, un pò forse perchè ci ricorda le notti in barca a vela. Il brief che ci siamo posti è stato quello di un divano per osservare il cielo nelle notti stellate.

When we approached this project we actually had a clear idea, not about the shape but about its function. Christopher and I love spending summer nights looking at the stars, maybe because this reminds us about sailing nights. The brief from which we started was that of a sofa to observe the sky during starry nights.

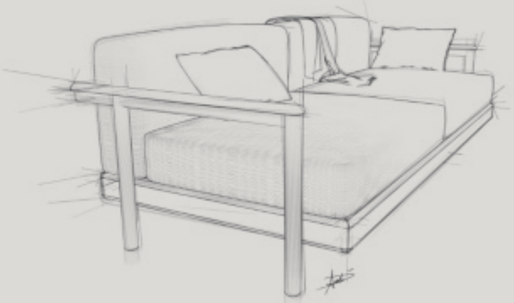
TALKS ABOUT BALI

L'idea che sta alla base del progetto BALI è quella di creare una silhouette classica e senza tempo, ma disegnando una struttura più contemporanea e leggera e, allo stesso modo, conferendo uno spazio di relax il più confortevole possibile. Le forme sono essenziali, fatte di linee pulite che accentuano la ricchezza del legno, il quale, insieme alla morbidezza dei cuscini, crea un tutt'uno raffinato e di stile, leggero e maneggevole, arredando con il massimo comfort.



The main idea behind the conception of BALI was to create a timeless, classic silhouette, designing a more contemporary, lighter structure, but delivering, nontheless, the most agreeable and enjoyable relaxation space. The outline is essential, made of clean lines that accentuate the richness of the wood, which, together with the soft, cushioned seating provides a refined, stylish ensemble, light and easy to handle, while furnishing with the maximum comfort.

TALKS ABOUT LINK

Il design di questo tavolo si incentra sul collegamento, il “link” metallico che rinforza strutturalmente le gambe in legno. Senza questo “link” le gambe del tavolo, aventi un angolo molto ampio, potrebbero rompersi. Il link permette infatti di creare un design più dinamico e accentuato.
Il modo in cui questo giunto metallico è unito alla struttura tondeggiante delle gambe in legno, ricorda i giunti dei tradizionali attrezzi da giardino. È una sorta di connessione tra legno e acciaio a basso contenuto tecnologico, ma lavorata in modo più grafico e ridefinito.

The design of this table is all about the connection, the metal “link” that structurally re-enforces the wooden legs. Without this “link” the legs of the table that have a very open angle could break. Hens, this link allows us to create a more dynamic and dramatic design.
The way the metal link is joined to the round wooden leg is reminiscent of the type of connection that can be found on some old traditional garden tools. It is a sort of low-tech connection between steel and wood but worked in a more graphic and refined manner.

Plinto nasce dalla ricerca di sintesi
fra bellezza e funzionalità.
Plinto si ispira alla natura, più precisamente
ad un tronco di albero e alle sue radici
che lo sostengono: paradigma di stabilità.
Plinto è una base compatta che trasmette
sicurezza, linearità e pulizia ed è in grado
di dialogare con l'architettura
che la circonda. La particolare forma
della base è ottenuta mediante
una pressofusione di alluminio che
si raccorda con continuità allo stelo,
anch'esso di alluminio, ma estruso.
La sezione ovale dello stelo consente
di percepire una forma variabile
con l'angolo di osservazione del tavolo.

TALKS ABOUT PLINTO

Plinto stems from the search for synthesis
between beauty and functionality.
Plinto is inspired by nature, more precisely
by a tree and its supporting roots: a stability
paradigm. Plinto is a compact base
that inspires safety, linearity and cleanliness
and is able to converse with the architecture
that surrounds it.
The particular shape of the base is obtained
by means of an aluminum die-casting,
continuously connected to the stem which
is also made of aluminum, but extruded.
The oval section of the stem allows you
to perceive a variable shape according
to the viewing angle.

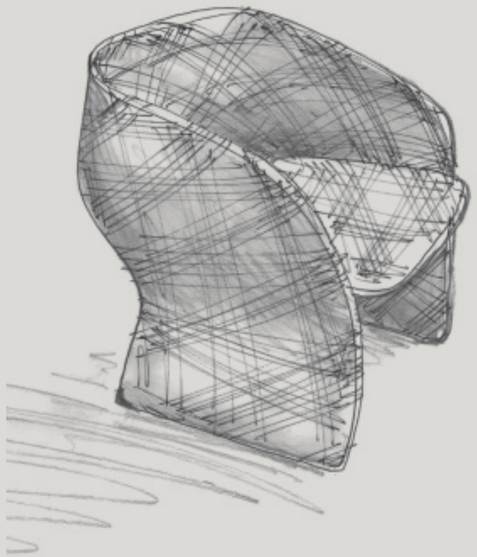
TALKS ABOUT MAAT



Nel caso di Maat, l'obiettivo finale era dare nuova vita ai mobili per esterno in PVC intrecciato. Innanzitutto la forma tridimensionale della poltrona è frutto di un'accurata progettazione, che ha voluto esaltare la silhouette.
Il risultato finale è ottenuto intersecando sinuose prospettive laterali e anteriori. Per sottolineare la forma dell'oggetto è stato scelto un intreccio triangolare a trama larga. L'aspetto arioso della poltrona aumenta la profondità delle superfici e il volume complessivo appare così più leggero.

In the case of Maat, the aim was to give new life to the existing typology of the outdoor furniture in woven PVC. First of all, the three dimensional shapes of the armchair have been thought over, with particular attention to the silhouette. The final shape is obtained by intersecting the sinuous side and front views. In order to underline the shape of the product, a triangular, open-weave pattern was chosen. Its airy appearance adds depth to the surfaces and lets the overall volume seem lighter.

The coverings of our collections are suitable for the protection against atmospheric agents. They are custom-made pieces according to the sofa composition, which is chosen by the customer. Sofa and covering are produced at the same time and are composed 100% of polyester fabrics, with a density of 180 gram per square meter. The polyester fabric is lightgrey and has one side of acrylic resin and Teflon coating, which makes the fabric water-and oil proof. These coverings have been designed and created to resist the direct water passage [according to the technical standard UNI EN 20811, the water permeability and the water column test higher than 1000 mm].
