AVRIL HB DINING CHAIR OAK BASE white wash

Lloyd Loom furniture

Vincent Sheppard started with the goal of honouring and preserving the tradition and history of the Lloyd Loom weaving technique, a technique where kraft paper is twisted around a metal wire and woven into unique furniture pieces.

Today, our company is worldwide market leader in Lloyd Loom furniture and we continue to stay true to the tradition, resulting in an exceptionally high level of quality. Whether for dining, lounging or sleeping, with each piece, the legacy of woven paper furniture lives on.

Handcrafted to perfection, our products are designed with longevity in mind, ensuring customers can enjoy them for years to come.

Craftsmanship

Lloyd Loom is a timeless and iconic furniture material known for its exceptional strength and resilience. The core of this material features a metal framework wrapped in robust kraft paper, ensuring a durable and flexible foundation. This unique combination of materials has been a hallmark of Lloyd Loom since its inception in 1917, showcasing a commitment to quality and longevity.

All Lloyd Loom furniture is produced in-house at our production plant in Cirebon, Indonesia. Known for their tradition in weaving, the knowledge and skills of local craftsmen elevate our furniture to pieces of art, each and every one of them handcrafted to perfection.

Woven paper legacy

Through the years Vincent Sheppard has become a distinctively global brand. From the royal box at Wimbledon to restaurants in Hong Kong and hotels in Hawaii, the craftsmanship of our Lloyd Loom furniture can be admired all over the world.

Original Lloyd Loom quality

The weave is smooth and does not scratch or snag clothing.

Available in 22 standard colours or in any bespoke colour.

Legendary seating comfort.

Ages beautifully.

Lloyd Loom weave is made from kraft paper woven around a steel wire.

Easy to clean with a moist towel.

Lloyd Loom weave exists since 1917 and is strong and durable.

One of the outstanding characteristics of Lloyd Loom is its sturdiness and durability. The woven structure not only withstands the test of time but also offers legendary sitting comfort. This makes Lloyd Loom furniture a reliable choice for those seeking both style and substance in their furnishings.

Practicality is another key feature of Lloyd Loom. The surface is easy to clean with a simple damp cloth, maintaining its original luster and cleanliness effortlessly. Furthermore, the material is designed to be gentle on clothing, preventing scratches or snags that can be a concern with other materials.

With a choice of 22 standard colours or the option to select any RAL color, Lloyd Loom furniture is available in a wide array of colors to suit individual preferences. Customization is at the forefront, allowing individuals to tailor their furniture to fit seamlessly into their interior design schemes.

As Lloyd Loom furniture ages, it develops a beautiful patina, enhancing its character and charm over time. This unique quality adds to the allure of Lloyd Loom, making it not just a functional choice but also an aesthetically pleasing one. With its rich history, enduring quality, and versatile design options, Lloyd Loom remains a symbol of sophistication and reliability in the world of furniture craftsmanship.
